Eileen Hilleard (Area Representative – Area 9)

Karen Harris (Area Representative – Area 16)

Our goals

As a sport we continue to be focused on three key goals:

- *Grow the sport*
- *Improve training opportunities for members and horses*
- *Give Members opportunities to compete*

How we deliver these goals

With these three goals in mind we intend to set up three separate working groups in 2026 to move forwards with key actions which we believe are required. The three areas of focus are:

- Competitions
- Training
- Centres

We are now looking to put together working groups and looking for someone to lead each working group (this could be shared between two people if more desirable).

You do not need to be a member of the PC Polocrosse Committee or a Polocrosse Area Coordinator to take on the lead roles or to join these groups. However, there will be an expectation that you get involved and help deliver the aims of the group. It is definitely not the case that all work should be left to the Lead of each group.

All these roles and groups will be supported by PC Office, PC Polocrosse Committee and PC Coordinators group

Our areas of focus

Competitions

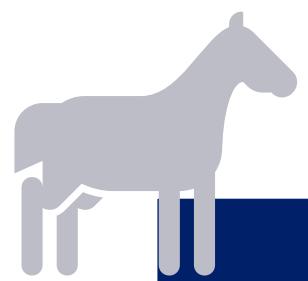

- Deliver a successful 2026 calendar of competitions and qualifiers
- Work with the wider Pony Club, the UKPA and the PCIA to plan a longer term annual calendar, including more opportunities for members to compete at all levels and ages

Training / Coaching

- Deliver more training resources and materials to help members, coaches and volunteers train, themselves, horses and to be involved with the sport
- Run Coach and Volunteer Education days in a number of Areas across the UK
- Work with Area coordinators to deliver Area training events

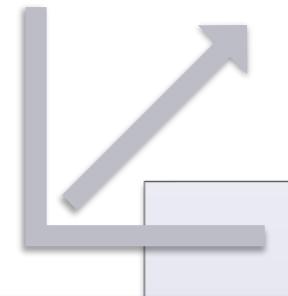

Centres

- Work with the PC office and the Centres committee to develop polocrosse in more Pony Club Centres and get more Centre Members playing
- Look into the development of a specific inter centre competition

How we measure success

Grow the sport

- Number of Pony club members playing polocrosse regularly
- Entry numbers at Pony Club Polocrosse events
- Diversity of entries in terms of Areas, Branches and Centres represented
- Number of members in common with UKPA

Opportunities to train

- Number of training resources available for coaches, members and volunteers available via PC Resource Hub
- Number of Coach and Volunteer Education days being held
- Number of up to date polocrosse coaches on coaches database
- Availability of open polocrosse training events for PC members across the UK

Opportunities to compete

- Number of PC specific competitions being held during the calendar year
- Availability of local PC polocrosse competitions within different areas
- International and other selection opportunities being held for PC members to compete in
